YOU ARE cordially invited to attend an Auction Sale of one of Anderson's best subdivisions, where there isn't a single objectionable feature---at, near, or between it and the center of town.

The same will be held on what is known as the Fred. G. Brown Subdivision of College Heights, between the hours of 2 and 4 o'clock today, Friday, April 28th, and a jitney or a street car will take you there in a jiffy.

The lots commence at College Campus and extend to Greenville street on both sides of _____ Avenue, which you have named. During the same hours and at the same place the winners of the "10 best reasons" and the "name" contests will be announced and the prizes awarded. Also details of the Ford contest will be announced at the same time.

REMEMBER, at Auction you make the price---which is right, and we make the terms---which shall be easy.

FRANK & DeCAMPS REALTY CO.

THE auction sale of lots being advertised as North Anderson lots are not North Anderson lots but are lots in the negro section south of North Anderson.

No negro can buy in North Anderson, it is prohibited in every deed given by North Anderson. Furthermore, North Anderson has never had an auction sale and would not have one under any circumstances. We have always been and will continue to be very careful as to whom we sell in North Anderson. North Anderson was designed as a select residence section and certainly every safeguard will be thrown around it to keep it such.
